Now that the Special Finance committee has sent up its recommendations to Govt, it is for orders whether it is not necessary to send copies of the Final Report of the committee to the members of the Standing Budget Finance committee, as the very constitution of the Spl committee was due to the suggestions of the Std committee.

It is also for Orders whether any meeting of the Standing Finance committee has to be convened early. If approved, the members may be asked about this.

ROUTINE NOTES.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

The elections for both the Representative Assembly and the Legislative Council are triennial but the triennial periods begin and end on different dates. This is an inconvenient arrangement and it would be well if the terms of these two bodies begin and end on the same dates.

Under existing orders, election of two members by the Representative Assembly for the Finance Committee has to take place at the coming Dassara Session of the Assembly. Some of the members of the Representative Assembly are members of the Legislative Council and until the new Legislative Council is elected, it will not be possible to say who will represent that Council on the Finance Committee as its elected and nominated members. Till this is known, it will not be possible to select two nominated members from the Representative Assembly for the Finance Committee. In these circumstances, it will not be possible to summon any meeting of the Finance Committee between now and about March next.

The elected and nominated representatives (Messrs Rangaiengar and Puttanna Chetty) of the Legislative Council on the Finance Committee were members of the Special

Special Finance Committee and it is not therefore necessary to send them copies of the Special Finance Committee Report. The two nominated members of the Representative Assembly (Messrs Balakrishna Rao and Abbas Khan) were also members of the Special Finance Committee and no copies of the Report need be sent to them. Messrs Subbiah and Subbaraya Chetty were the elected members from the Representative Assembly on the Finance Committee and now that a new Representative Assembly has been elected, they can no longer be considered as members of the Finance Committee. In spite of this fact, I think it is necessary to supply each of these two gentlemen with a copy of the Special Finance Committee Report.

Dated 30th May 1923.

R662 30.5.23

The Budget for the next year has to be considered by the Finance Committee before it comes up for discussion in the Representative Assembly. The abolition of this Committee is foreshadowed in the Announcement; but I think that until the Reforms are actually introduced the existing practice should continue. Action may therefore be taken, with the approval of the Dewan, for convening a meeting of the Committee at an early date.

Reconstitution of the Budget Finance Committee.

OPINION OF THE COUNCIL.

As the last year's Budget Finance Committee has ceased to exist, and new elections could not be held from the Representative Assembly for reconstitution of the Committee for the purposes of the next budget, and as the Council are of opinion that the Budget should be placed before the Representative Assembly after being put before a mixed Finance Committee of officials and non-officials under the existing practice, a special Budget Finance Committee for this year may be reconstituted as follows:--

Officials - As at present.
Non-Officials - From Legislative Council as at present (as they were elected and nominated from the existing body)
From Representative Assembly -
Mr. C. R. Balakrishna Rao (to continue)
" Venna Reddi) vice Messrs.
" Narayana Murti) M. Subbiah and
Subraya Setti.

NOTE—Contn. sheet.

Submitted to His Highness.

These papers relate to the question of reconstituting the Budget Finance Committee.

When the Constitutional Developments were announced in October 1922, it was expected that the Budget Estimates for 1923-24 would be presented to the Representative Assembly and the Legislative Council under the new arrangement and the Budget Finance Committee was accordingly proposed to be abolished. The new Representative Assembly did not accordingly elect members to the Committee. The introduction of the Reforms has, however, had to be deferred and the Budget for the next year has to be dealt with under the old procedure according to which it should be considered by the Finance Committee before presentation to the two Bodies. As the elected element of the Representative Assembly on the Committee does not exist in the circumstances explained above and as it is not possible to arrange for elections before the next session of the Assembly, it has become necessary to have the Assembly represented entirely by the nominated members on the Committee summoned for considering the Budget for 1923-24. The members of the Legislative Council on the Finance Committee will, however, be the same as before. This matter was considered in Council on 31st May 1923 and it was proposed to re-constitute the Finance Committee as in the Council Resolution herewith submitted. The Committee has to be summoned soon and the order constituting it has been issued. I report the matter for the gracious information of His Highness.

Dated Bangalore,
3rd June 1923.

G.O.No. Fl.C.1-50 dated 8th Octr. 1919 sanctioning the formation of the revised Budget Finance Committee with enhanced powers.

ORDER No. Fl. 5455- 5504

Dated, 2-6-1923.

The Budget Finance Committee as constituted at present consists of six official members and an equal number of non-official members, of whom two are elected by the Representative Assembly, two are nominated from the Assembly, one is elected by the Legislative Council and one is nominated from the Council.

The non-official members of the committee as re-constituted were appoint-ed in Govt. Notification No.Fl.7274 dated 7th April 1920. As the Representa-tive Assembly was newly constituted after a triennial election in Octr. 192 fresh elections and nominations to the Budget Finance Committee from the Assembly should have been held at the last Dasara Session. But in view of the constitutional developments announce by the Dewan on the 7th October 1922, according to which the Finance Com-mittee has to be abolished, no electio

were held by the Assembly last Octr, so as to permit of the budget for 1923-24 being discussed by the Representative Assembly and the new Legislative Council.

as it was expected that the new arrangements would come into force by June 1923

As however it has since been found that the new arrangements cannot come into force before the next Dasara, the Government deem it necessary that the budget should, under the arrangements existing heretofore, be placed before a Budget Finance Committee, including non-official members from the Representative Assembly and Legislative Council, before it is placed before the Representative Assembly and the Legislative Council. The term of the Legislative Council having been extended, the members elected and nominated from that body will continue. As the Representative Assembly did not elect any of its members to the Budget Finance Committee and as it is not possible to arrange for an election before the Assembly meets again, the Government have decided in the special circumstances, that all the three members from the Representative Assembly may be nominated. They are accordingly pleased to direct that the Budget Finance Committee be re-constituted as follows:--

Proceedings of the Government of His Highness the

Bond.-

G.O. No. Fl. 3.1-50 dated 8th October 1919 sanctioning the formation of the Retrenchment and Finance Committee with enhanced powers.

Order No. Fl.9261-8804, Dated, Bangalore, the 2nd June 1923.

The present Finance Committee as constituted at present consists of six official members and an equal number of non-official members, of whom two are elected by the Representative Assembly, two are nominated from the Assembly, one is elected by the Legislative Council and one is nominated from the Council.

2. The non-official members of the Committee as reconstituted were appointed in Government Notification No. Fl.7274 dated 7th April 1923. As the Representative Assembly was newly constituted after a triennial election in October 1922, fresh elections and nominations to the Budget Finance Committee from the Assembly should have been held at the last January session. But in view of the constitutional developments announced by the Crown on the 7th October 1921, according to which the Finance Committee was to be abolished, no elections were held by the Assembly last October, as it was hoped that the new arrangements would come into force by June 1923, so as to consult on the Budget for 1923-24 being framed by the Representative Assembly and the new Legislative Council.

3. As, however, it has since been found that the new arrangements cannot come into force before the next session, the Government deem it necessary that the Budget should, under the arrangements existing heretofore, be placed before a Budget Finance Committee, including non-official members from the Representative Assembly and Legislative Council, before it is placed before the Representative Assembly and the Legislative Council. The term of the Legislative Council having been extended, the members

elected

elected and nominated from that body will continue. As the Representative Assembly did not elect any of its members to the Budget Finance Committee and as it is not possible to arrange for an election before the Assembly meets again, the Government have decided in the special circumstances, that all the three members from the Representative Assembly may be nominated. They are accordingly pleased to direct that the Budget Finance Committee be re-constituted as follows:-

Chairman. - Mr. Mir Humza Hussain, BA B.A., I.C.S., Second Member of Council.

Official Members. - The Revenue Commissioner in Mysore,
" Inspector-General of Education,
" Chief Secretary to Government,
" Financial Secretary to Government,
" Chief Engineer for Irrigation,
" Comptroller, Mysore Government.

Non-official Members. From the Legislative Council.

(i) Dewan Bahadur Mr. [illegible] Puttanna Chetty, C.I.E.
(ii) Rao Bahadur Mr. [illegible] Ranga Iyengar.

From the Representative Assembly.

Absent—

C. S. Balasundaram Iyer, Esq., B.A.
K. Subbaraya Chetty, Esq., B.A., LL.B.

Before the Proceedings commenced, all the members were supplied with the revised copy of general statement of receipts and disbursements for 1922-23 based on the latest figures as approved by Government. The changes newly introduced in the General Abstract were explained by Mr. M. N. Krishna Rao who pointed out that Government had not fixed the estimates for some of the items when the Budget copies were despatched to the members, that in respect of such items only the Comptroller's figures were included in the Budget and that that as the Government had since fixed the estimates for all heads except Army, the necessary alterations had to be made. Army estimates when finally fixed would add about Rs. 30,000 on the expenditure side.

It was explained that with a view to exhibit the correct Revenue position of the year the Surplus Revenues of the Civil and Military Station were removed out of the ordinary account and exhibited in the Revised Abstract as an Extraordinary item of Revenue as they represented the arrears of previous years only and could not therefore be reckoned as the Revenue proper of the year. It was also brought to the notice of the Committee that the Loan Sinking Fund contribution which had been previously fixed at 16,50, limited to the Surplus Revenue earmarked for the purpose, had since been raised to the full amount of demand, *viz.*, 18,78 so that the total demands against the Revenue of the year might be correctly shown in the Budget.

Revenue.

I. *Land Revenue.*—Mr. Subbiah wanted to increase the Land Revenue estimate to Rs. 114 lakhs counting on a collection of 93% of the demand. This proposal was not supported.

II. *Forest.*—Mr. Subbiah stated that the expenditure of Rs. 50,000 under "2 (i) Sandalwood" as against Rs. 32,000 of last year was disproportionate to the revenue under Sandalwood which was taken at Rs. 10 lakhs in next year against Rs. 11¼ in the Revised for 1921-22. He also stated that the additional provision of Rs. 50,000 for expenditure under Timber removed by Government agency was not proportionate to the increased income under the same head. These proposals were also not supported by other members.

III. *Excise.*—Mr. Subbiah suggested that the Excise Revenue might be taken at Rs. 74,00,000 but the sense of the Committee was that even the estimate of Rs. 70,00,000 was somewhat too sanguine.

XVII. *Medical.*—Mr. Subbiah suggested that fees ought not to be levied for medical aid in hospitals and that the estimate of Rs. 15,000 under "Hospital Fees" should be deleted, but the suggestion met with no support.

Expenditure.

23 and 24, Civil Works.—Mr. Subbiah was of opinion that the grant should be raised by at least Rs. 2 lakhs, with a view to provide for sufficient funds for roads and bridges. The nature of the works under various heads was examined and the Committee accepting the principle laid down by the Special Finance Committee, that no new works should be started unless they were of an emergent nature, thought that provision should be made for the following items:—

(1) Rs. 5,000 for additions to Government Distillery Buildings. The Chief Engineer explained that the works were of an urgent nature.

(2) Rs. 5,000 for reconstructing the washed out culvert in mile 162 of the Salem-Bellary Road.

(3) Rs. 8,000 for reconstructing the bridge on Shimoga-Mangalore Road. It was stated that traffic is suffering on account of the wash out.

(4) A provision of Rs. 5,000 for improving, extending and widening the bridle path on the Talaguppa-Aralgode Road.

Mr. Subbiah wanted that provision should be made for storm water drains in the Basavangudi extension. But this was not supported.

12. *General Administration.*—Mr. Subbiah expressed the opinion that any reduction under General Administration was not desirable as it would tend to decrease the efficiency of the work of the highest office in the State.

21. *Medical.*—Mr. Subbiah suggested a provision of Rs. 10,000 for opening of new dispensaries either by a fresh grant or by readjustment of grants already included. The Chairman explained that an additional allotment of Rs. 5,000 would be sufficient as more than 3 new dispensaries could not conveniently be opened and that this sum could be found by reappropriation.

25. *Economic Conference.*—Mr. Subbiah suggested that if the grant could not be raised to at least one lakh of rupees, the entire allotment had better be omitted. This was seconded by Mr. Abbas Khan and supported by Dewan Bahadur K. P. Puttanna Chetty.

26. *Education.*—Mr. Subbiah said he was not for any reduction under Education and that he was of the opinion that the allotment for the department (exclusive of the University) should be raised to at least the level of the revised estimate of 1921-22.

27. *Agriculture.*—Mr. Subbiah stated that a provision of Rs. 2,000 should be included under this head for the reopening of the Horticultural School as it was found to be a very useful Institution. He suggested a reduction of at least Rs. 50,000 in the grants under Agriculture.

ORDER NO. FL. 5282-331—G. F. 211-21-1, DATED BANGALORE 25TH MAY 1922.

Additions to the extent of Rs. 23,000 proposed under Civil Works will be made out of the total grant of Rs. 24 lakhs allowed for the Public Works Department. As regards the recommendation for an allotment for opening new dispensaries, a sum of Rs. 5,000 will be provided by making a corresponding reduction in the grant for Medical Stores.

2. The budget estimates are provisionally approved and a memorandum explaining important variations is appended.

MR. NARAYANAMURTHI, B.A., LL.B.

ABSENT.

MR. S. R. BALAKRISHNA RAO, B.A., LL.B.

The Chairman opened the proceedings by saying that from the point of view of Government a satisfactory Budget had been framed and it was for the non-official members to say what they thought about it. Dewan Bahadur K. P. Puttanna Chetty responded on behalf of the non-official members with the remark that even from the non-official point of view the Budget for 1923-24 presented a very pleasing feature, *viz.*, a surplus, which had disappeared for some time past and congratulated the Government on the position of financial stability disclosed by the Budget.

The Financial Secretary was then called upon to explain the general features of the Revised Estimate for the current year and the Budget Estimate for the coming year.

After this was done, the Budget Estimates were gone through by major heads one after the other. In regard to the new arrangement adopted in the Budget for exhibiting the transactions relating to the Sandal Oil Factories, Mr. Abbas Khan urged the desirability of fixing a definite price for sandalwood supplied to the factories instead of merely crediting to the Forest Department only the net realisations from sale of oil. It was pointed out that this was exactly what was in force previously and given up in favour of the new arrangement. Mr. Abbas Khan also pointed out the need for insisting on the Iron Works paying a seigniorage to the Forest Department in addition to cost price of fuel supplied to the Works.

Mr. Vema Reddi suggested the raising of the estimates under Land Revenue, Forest and Excise to the level of the actuals of 1919-20 and the reduction of the estimate of Income-tax by one lakh. It was explained by the Chairman that the estimates were framed with reference to latest available data and did not admit of any alteration in the directions pointed out.

Mr. Abbas Khan drew attention to the very small realisations from experimental fruit cultivation as compared with the outlay thereon. It was explained that as the cultivation was only experimental, no commercial results could be expected.

On the expenditure side, it was observed by Messrs. Abbas Khan and Vema Reddi that the outlay on Forest Conservancy was more than what was absolutely necessary. Mr. Vema Reddi wanted the provision for the head "Printing and Gazettee Office" to be raised to at least 2½ lakhs to admit of agricultural bulletins being printed and issued to all Local Bodies and also wanted an increased grant for Police. He also suggested the addition of grants-in-aid to Ayurvedic and Unani doctors in villages wherever they were available. It was explained that definite schemes should be proposed and sanctioned by Government before any grants for the purpose indicated could be included in the Budget. As regards Civil Works, Mr. Abbas Khan observed that the establishment charges exceeded 50 per cent of outlay on Civil Works according to the appropriations included in the Budget. It was explained that this was the result of reduced grants for works (both original and repairs) and the establishment provided for in the Budget represented the minimum required for the Department.

Under Education and Agriculture, Mr. Vema Reddi proposed increased grants up to 20 lakhs for Primary Education and at least a lakh for Sericulture as there were items of expenditure in which the people were greatly interested. The larger outlay on Sericulture asked for was in view of the need for arrangements to supply good mulberry cuttings and disease-free eggs in the districts. It was explained that this could be arranged without any addition to the sanctioned grants. Mr. Vema Reddi also wanted an increased grant for the "Improvement of water-supply in Towns" if necessary by reducing the provision under "Improvement of Towns and Minor Municipalities." It was pointed out that the question of providing for new water-supply schemes might be considered when definite schemes of water-supply were ready.

In regard to the allotments for capital works, Dewan Bahadur Puttanna Chetty wanted to know how the capital finance of the next year was proposed to be met. The Financial Secretary explained that the improvement in revenue, the reductions in expenditure, the payment of surplus revenues of the Assigned Tract and the better realisations from some of the Debt Heads, rendered it possible to finance the capital programme of the next year without recourse to a public loan. The members of the Committee expressed their satisfaction at this result.

At the close of the proceedings, Dewan Bahadur Puttanna Chetty proposed that the Budget as placed before the Committee be agreed to, and the proposition was assented to by all the members.

MEMORANDUM EXPLAINING THE IMPORTANT FEATURES OF THE REVISED ESTIMATES FOR 1922-23 AND THE BUDGET ESTIMATES FOR 1923-24.

REVISED ESTIMATES, 1922-23.

Revenue.—The total revenue anticipated in the Budget Estimates is Rs. 310½ lakhs. The Revised Estimate shows that the actual realisation is likely to be Rs. 332 lakhs showing an improvement of Rs. 21½ lakhs. The variations contributing to this result are noted below.—

I. *Land Revenue.*—The seasonal conditions were favourable and a large part of the arrears was, therefore, collected. The sale of lands released from Date Groves and Amrut Mahal kavals and the increased revenue due to re-settlements which came into force during the year, are other factors which have improved this item of revenue. The revised estimate is about Rs. 4½ lakhs better than the budget expectation.

II. *Forest.*—There is a decrease of Rs. 2 lakhs which appears under Sandalwood. The revenue from sandalwood has been hitherto shown partly under Forest and partly under Sandal Oil Factories. This arrangement has proved unsatisfactory as it has led to misleading results as profit or loss on the working of the Factories. It has, therefore, been decided to show as the revenue of the Forest Department from sandalwood whatever is realised through the selling price of oil, after deducting all charges for the manufacturing and marketing of oil. Under this arrangement, there is no revenue to be shown separately under Sandal Oil Factories.

III. *Excise.*—Duty on arrack is less than the budget expectation to the extent of Rs. 2 lakhs. This shortage has, however, been more than made up by the improvement under Shop-rent and the net result under Arrack is an increase of Rs. 2 lakhs compared with the budget. There is a decline of three-quarter of a lakh in the revenue from Tree-tax under Toddy and refunds have also exceeded the estimate by about a lakh. The net result of these causes is an increase of one lakh.

IV. *Income and Miscellaneous Taxes.*—The tax on business profits is better than the budget anticipation by one lakh and that on profits of Mining Companies by Rs. 2 lakhs. These two items and some minor increases under other heads explain the improvement of Rs. 3½ lakhs.

V. *Stamps.*—The new scale of stamp fees came into force from 1st February last and the increase of about Rs. 1¼ lakhs is chiefly its result.

VII. *Assigned Tract Revenue.*—A sum of Rs. 23¾ lakhs was received on account of the Assigned Tract revenue and of this, Rs. 10½ lakhs represents the surplus due for the year 1921-22. This amount has been treated as part of the ordinary revenues of the current year and the balance of Rs. 13¼ lakhs classsified as extraordinary revenue.

VIII. *Mining Revenue.*—The value of gold was somewhat higher than was assumed at the budget time and the revenue from royalty on gold is accordingly better by about a lakh and a half.

IX. *Interest.*—There is a difference of about Rs. 2½ lakhs and this is due not to any decline in receipts, but to the direct credit to the Famine Insurance Fund of interest realised on the securities belonging to the Fund.

XXIV. *Railways.*—The gross receipts from all the lines are better than the budget to the extent of about Rs. 3½ lakhs. The working expenses, chiefly those relating to the railways worked by Government are in excess of the original estimate by 1½ lakhs. The result of these factors is an improvement of Rs. 2 lakhs.

larger supply of power to the Gold Mining Companies and other consumers, there is an increase of one lakh.

Expenditure.—The total expenditure according to the Budget is Rs. 333⅓ lakhs. The Revised indicates that the budget will be exceeded to the extent of Rs. 4 lakhs and the excess is the net result of increases and decreases. The latter are mostly due to the retrenchments effected and the more important of the former are noticed below :—

9. *Interest on debt and other obligations.*—The payment of arrears of interest on Loans accounts for the increase of about Rs. 2½ lakhs.

12. *General Administration.*—The budget grants for some of the items under Staff and Household proved to be under estimates. This fact and the adjustment of arrear charges on account of the visit of His Royal Highness the Prince of Wales account for the increase of about 2 lakhs.

15. *Pensions and allowances.*—The retirements ordered in pursuance of the policy of retrenchment of establishments is the cause of the increased level of expenditure under this head.

17. *Miscellaneous.*—The fluctuations in the exchange rates resulting in loss in the conversion of sterling transactions into silver, the sale to the sterling Loan Sinking Fund of securities at prices below their book cost and write off of some irrecoverable debts explain the excess of 1¾ lakhs.

24. *Civil Works.*—For some of the works in progress, it was found necessary to allow additional grants and terminal charges had also to be incurred in connection with retrenchment measures of the Public Works Department and there is accordingly an increase of Rs. 1¾ lakhs.

Capital Outlay.—The Budget Estimates included the provisions required for all Capitial Works except the Iron Works. The amount required for the latter was proposed to be met from the grant of Rs. 80 lakhs allowed for the previous year, the whole of which was not expected to be spent in that year. The Revised estimate shows that the total expenditure is likely to be Rs. 66½ lakhs against the Budget grant of Rs. 46½ lakhs and the excess is chiefly due to the outlay on the Iron Works met from the revival of the lapsed grant of the previous year.

General.—The result anticipated by the Budget was a deficit of Rs. 22 lakhs while the deficit according to the Revised is Rs. 4¼ lakhs. Taking the extraordinary revenue of Rs. 13¼ lakhs into account, the result of the Revenue Account is a surplus of Rs. 13¼—4¼=9 lakhs.

BUDGET ESTIMATES FOR 1923-24.

The budget for the year 1923-24 counts on a total revenue of Rs. 331 lakhs and provides for a total expenditure chargeable to revenue of Rs. 330 lakhs, resulting in a prospective surplus of Rs. 1 lakh.

Revenue.—The total estimate of revenue for the next year is about the same as that in the current year but there are increases and decreases which practically set off each other. The noticeable variations are mentioned below :—

III. *Excise.*—The increase of about a lakh and a half is the result of less refunds in the next year, the gross revenue in both the years being the same, *viz.*, Rs. 74 lakhs.

IV. *Income and Miscellaneous Taxes.*—The addition of about Rs. 4 lakhs assumed in the budget is on account of supertax which will come into force from the next year.

V. *Stamps.*—An improvement of a lakh is expected from the enhanced scale of fees.

VII. *Assigned Tract Revenue.*—The surplus for the year 1922-23 payable in 1923-24 is expected to be Rs. 7½ lakhs at which the estimate is placed.

VIII. *Mining Revenue.*—This is taken at a lakh less than the Revised in view of the tendency of the value of gold to decline.

IX. *Interest.*—An improvement of 1⅓ lakhs is expected from temporary investments of surplus cash balances.

XXIV. *Railways.*—The gross receipts from Railways estimated for next year are Rs. 80 lakhs, *i.e.*, the same as in the current year. The reduced level of net receipts is due to the provision of Rs. 8 lakhs on account of special renewals of Permanent Way and Rolling Stock of some of the lines worked by Government.

XXV. *Krishnarajasagara and* XXVI. *Electrical Works.*—An improvement of Rs. 2½ lakhs is counted upon in view of the larger quantity of power expected to be taken by the mines and other consumers.

Expenditure.—The total expenditure is placed at Rs. 330¾ lakhs, *i.e.*, Rs. 6½ lakhs less than the standard reached in the Revised. There are reductions under the heads Land Revenue, Excise, General Administration, Muzrai, Scientific and Miscellaneous Departments, Stationery and Printing, Miscellaneous, Sanitation and Vaccination, Public Works, Economic Conference and Agriculture.

Increases appear under Forest, Pensions and Allowances, Courts of Law, Police, Medical, Education, Industries and Commerce and Army. The higher level of the Forest estimate is due to the larger provision necessary for the supply of sleepers for the permanent way renewals of the Railway Department and this addition is set off by the corresponding increase on the side of revenue. The large number of retirements due to retrenchment orders is the cause of the higher level of the estimate under Pensions. The provisions made for opening some more civil courts and for extending the judicial separation scheme to another district explain the increase under Courts of Law. The enhancement under Police does not represent any additional expenditure as it is due to the inclusion of the full sanctioned scale of charges for the Police force. The excess under Medical is only apparent, as it is due not to any increased expenditure in the next year but to the charges on account of stores in the current year being less by about half a lakh owing to delay in the settlement of claims for some of the purchases made. The restoration of the grant of the University to the usual level of Rs. 6 lakhs and additional allotments allowed to the Education Department for giving effect to some of the measures sanctioned in the orders on the Education Memorandum explain the increase of Rs. 3½ lakhs under Education. The Budget of the Industries and Commerce Department includes a special provision of half a lakh for charges in connection with the Empire Exhibition to be held in London in 1924 and making allowance for this item, the estimate is less than the current year's Revised. The higher standard of the Military Budget is chiefly due to the different results of the stores operations of the current and next years, there being a net reduction of about half a lakh in the former and a net addition of about quarter of a lakh in the latter.

Capital outlay.—The aggregate grant for the next year is placed at Rs. 47½ lakhs. For the Lines worked by the M. & S. M. Railway Company and by Government an allotment of Rs. 17 lakhs is allowed and the whole of it is for Open Line Works. For continuing the progress of the Krishnarajasagara Works a provision of Rs. 5½ lakhs has been made. The estimate for the Electrical Department is placed at Rs. 14¾ lakhs and the bulk of it is intended for the second stage of the Sixth Installation and the renewal of Bangalore Transmission Line. For the Iron Works, a grant of Rs. 10 lakhs is included.

M. N. KRISHNA RAO,
Financial Secretary to Government.
